\$100 REWARD, \$100

The readers of this paper will be pleased to know that there is at least one dreaded disease that science has been able to cure in all its stages, and that is Catarrh. Hall's Catarrh Cure is the only positive cure now known to the medical fraternity. Catarrh being a constitutional disease requires constitutional treatment. Hall's Catarrh Cure is taken internally, acting directly upon the blood and mucous surfaces of the system, thereby destroying the foundation of the disease, and giving the patient strength by building up the constitution and assisting nature in doing its work. The proprietors have so much faith in its curative powers that they offer One Hundred Dollars for any case that it fails to cure. Send for list of testimonials. Address, F. J. CHENEY & CO., Toledo, O. Sold by druggists, 75 cents. Hall's Family Pills are the best.

Tracy Morris, the faithful and efficient agent at West's big mill junction, was thinking seriously of transferring his labors to Georgia, but the company will retain him by building him a comfortable house near the depot and raising his salary.

The Tallahassee correspondent of the Savannah News says that the State Democratic Executive Committee lacks about \$7000 of having enough money to pay the expenses of another primary.

WATCH FOR A CHILL

However slight at this time of year and in this climate, it is the forerunner of malaria. A disposition to yawn, and an all tired out feeling even comes before the chill. Herbine, by its prompt stimulative action on the liver, drives the malarial germs out of the system, purifies the blood, tones up the system and restores health. 50c. at Anti-Monopoly Drugstore.

GATES GIVEN FIVE YEARS

J. L. O. Gates, the young white man recently indicted for the theft of a watch and \$7 belonging to Mr. Frank C. Battey from a bath house at the Hotel Tybee, entered a plea of guilty in the superior court yesterday, and was sentenced by Judge Barrow to serve five years at hard labor in the penitentiary of the state.

This is the extreme penalty of the law for larceny from the house, the crime for which Gates was indicted, and of which he acknowledged his guilt. Even at this rate, however, he has not been too severely punished, for in two other cases in which he had acknowledged stealing watches and other valuable property, no indictment was found. — Savannah News, Aug. 3.

Wright, but leaves today for her home in Cuba to join her husband.

SULPHUR BATHS AT HOME

Hancock's Liquid Sulphur baths are superior to those of the most celebrated sulphur springs, having the additional advantage of being made any desired strength. Taking medicine by absorption into the system through the skin by taking medicated baths is a very efficient method of obtaining a constitutional treatment. Hancock's Liquid Sulphur never fails to cure all blood and skin troubles. For sale by the Anti-Monopoly Drug Co.

MARTIN

Heavy rains have damaged cotton crops considerably. The corn crop will average about one-third of the regular yield. Farmers are putting in a large acreage of peanuts and sweet potatoes to lessen the damage from the shortage to corn and cotton crops. There is a large number of hogs in this country and if no cholera comes this summer Benjamin's packing house in Ocala will again be well filled with bacon sent in from this section.

The latest partnership formed is Hardee & Kunze. These two gentlemen will raise on a large scale cantaloupes and other vegetables for the northern markets. There is plenty of room here for many more enterprising truckers. The Easterlings will have a thousand acres of melons and cantaloupes. Townsend Brothers is to be the name of a new firm to be soon launched in the business world. These two young men, N. J. and E. P. Townsend, deserve success, and with odds and their host of friends there is no doubt that they will succeed admirably. They will engage in general merchandising and trucking. The firm is to be the successor of the old, well known house of R. Veillard.

E. P. Townsend is recovering from a severe attack of typhoid fever.

Daniel Baxter has taken a position as night yardmaster for the Seaboard in Ocala.

The heavy rains have seriously interfered with the Meffert mill here. The men have not been able to put in much over a third of the time during the last few days. Mr. Meffert, who is one of the most progressive of men, is planning to enlarge the mill. Then all of the machines and saws will be put above the high water mark.

There is a great quantity of rock in this section, and we have heard that quite a good deal of it will be shipped to Tampa to build up her magnificent system of streets, which the council has recently authorized. There are plenty of rocks for the purpose mentioned about the spur which was run out to Easterling's big farm, and on the west side of the Atlantic Coast Line, about a mile and a half opposite to the spur mentioned, there are almost inexhaustible supplies of stone suitable for street building.

teachers employed at Fessenden Academy during the next term. Professor Wiley, the present principal, leaves in a few days for New York, but it is expected that he will return in time to take charge of the work in September. He has declined entering the government service, to which he had recently been appointed. Every excursion which has passed this station during this year has had a large delegation of Martin people on it. This shows that there is much general thrift and cash yet in the hands of the working people.

A WORM KILLER

J. A. J. Montgomery, Puxico, Wayne county, Mo., writes: "I have little twin girls, who have been bothered with worms all their lives. I tried everything to relieve them, which failed until I used White's Cream Vermifuge; the first two doses brought four worms from one of them, the next two doses, twelve, one of them measuring twelve inches; the other child was only relieved of four worms. It is a most excellent medicine." White's Cream Vermifuge is good for children. It not only destroys worms, it helps the child to perfect growth, wards off sickness. 25c. at Anti-Monopoly Drugstore.

OUR OWN

If I had known in the morning
How wearily all the day
The words unkind would trouble my mind
That I said when you went away,
I had been more careful, darling,
Nor given you needless pain;
But we vex our own with look and tone
We may never take back again.
For though, in the quiet evening,
You may give me the kiss of peace,
Yet it might be that never for me
The pain of the heart should cease.
How many go forth in the morning
Who never come home at night,
And hearts have been broken for
harsh words spoken
That sorrow can never set right.
We have careful thought for the stranger,
And smiles for the sometime guest,
But off for our own the bitter tone,
Though we love our own the best.
Oh, lips with the curve impatient,
Oh, brow with the shade of scorn,
'Twere a cruel fate were the night
too late
To undo the work of morn.
—Margaret E. Sangster.

JUST LOOK AT HER

Whence came that sprightly step,
